

MINISTRY OF ECONOMY AND TRANSPORT
REPUBLIC OF HUNGARY

LETTER OF INTENT
ERTMS DEPLOYMENT ON CORRIDOR D
(VALENCIA-LYON-TORINO-LJUBLJANA-BUDAPEST)

The Minister of Economy and Transport of Hungary took note satisfactorily of the Letter of Intent signed on December 12, 2006 by the Transport Ministers of Spain, France, Italy and Slovenia for the deployment of ERTMS on corridor "Valencia-Lyon-Ljubljana-Hodoš", named corridor D.

The Minister fully agrees with the political objectives and the commitments taken by the Ministers in the Letter of Intent, in particular that the full implementation of ERTMS on the main part of the corridor should be realised by 2016.

Consequently, the Minister declares that Hungary adheres to the project of corridor D, which from now on is named corridor "Valencia - Lyon - Ljubljana - Budapest" and takes part in the authorities set up.

This letter will be considered to be an integral part of the Letter of Intent.

Done in Budapest, April 12, 2007

The Minister of Economy and Transport of Hungary
